This is UNEVALUATED

1. On 4 June 1954, 16 twin-engine aircraft, 3 twin-engine civilian aircraft and 4 biplanes were observed at Schoenefeld airfield: During the afternoon, individual flights were made in the vicinity of the field. On 21 June, the field was occupied by 18 twin-engine aircraft, 1 twin-engine commercial plane, and 4 biplanes. 25X1

25X1
Only individual local flights were made during daytime. ¹

2. A PKV-45 DF station was located about 1/2 km southwest of the runway. A radio installation with one mast was observed on Hedwigsberg, about 3 km northeast of the field in the extension of the runway. A truck with a box-like superstructure ¹ was seen moving toward the radio installation. ² 25X1
